

**8.0 Ordering and Provisioning**

- 8.1 SWBT will provide operational interfaces to AT&T for Resale services pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in Attachment 2: Ordering and Provisioning-Resale.

**9.0 Maintenance**

- 9.1 Maintenance will be provided by SWBT in accordance with the service parity requirements set forth in this Attachment 1: Resale and the requirements and standards set forth in Attachment 3: Maintenance-Resale.

**10.0 Billing for Local Service**

- 10.1 SWBT will bill AT&T for Resale services provided by SWBT to AT&T pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in Attachment 4: Connectivity Billing and Recording-Resale.
- 10.2 SWBT will recognize AT&T as the customer of record for all Local Service and will send all notices, bills and other pertinent information directly to AT&T. AT&T is responsible for the payment of charges for all services furnished by reason of this Attachment.

**11.0 Customer Usage Data**

- 11.1 SWBT will provide usage information to AT&T for Resale services pursuant to the terms of this Attachment, and in accordance with the terms and conditions contained in Attachment 5: Customer Usage Data-Resale.

**12.0 Operation Support Systems (OSS)**

- 12.1 AT&T will access SWBT's Operations Support Systems (OSS) functions via a Remote Access Facility (RAF) located in Dallas, Texas. These OSSs include, but are not limited to, Easy Access Sales Environment (EASE), Customer Network Administration (CNA), DATAGATE and, when available, Electronic Bonding Interface (EBI).
- 12.2 AT&T may use two methods to access the RAF: Direct Connection (56Kbs~1.54Mbps trunk) Port or Dial Up (28Kbs modem) Port. For Direct Connections, AT&T will provide its own router, circuit, and two Channel Service Units/Data Service Units (CSU/DSU). The demarcation point will be the router

interface at the RAF. Dial Up connections require AT&T to provide its own modems and connection to the SWBT RAF. AT&T will pay the cost of the call if Dial Up connection is used.

- 12.2.1 Physical Diversity will be provided at the SWBT Two Bell Plaza location in Dallas in the following manner: dual access paths, provided by AT&T at AT&T's expense, into Two Bell Plaza in Dallas will be utilized. These two circuits will be connected to two different routers in the LRAF. A third router will be available and preserved as a backup router in the event one of the primary routers becomes inoperable. Purchase of an additional router, and a LAN Hub will be kept on hand to replace faulty equipment. Two firewalls will be configured so that the secondary one can take over for the primary firewall if it fails.
- 12.3 AT&T will use Transmission Control Protocol/Internet Protocol (TCP/IP) to access SWBT OSSs via the RAF. In addition, AT&T will provide a range of publicly registered IP network addresses to SWBT. A user-id/password unique to each individual accessing an OSS on behalf of AT&T, other than for Datagate, will be required. Existing AT&T user-ids will be utilized to access Datagate. AT&T will provide periodic estimates, as mutually agreed to by the Parties, regarding the AT&T volume of transaction, number of concurrent users, desired number of Direct and Dial Up connections, and length of a typical session.
- 12.4 AT&T and SWBT will participate in implementation meetings to discuss AT&T RAF access plans and schedule testing of AT&T Direct and Dial Up connections. SWBT will make a help desk function available to assist AT&T in accessing SWBT OSSs.

### **13.0 Service/Operation Readiness Testing**

- 13.1 In addition to testing described elsewhere in this Attachment, the Parties will test the systems used to perform the non-exclusive list of functions shown below in order to establish appropriate system readiness capabilities:
  - 13.1.1 All interfaces between AT&T and SWBT work centers for Pre-Service Ordering, Ordering, Provisioning, Maintenance, Connectivity Billing, Local Account Maintenance, and Usage Data Transfer.
- 13.2 The functionalities identified above will be tested in order to determine whether SWBT's performance meets the applicable service parity requirements and other applicable performance standards set forth in this Agreement. The Parties will make available sufficient technical staff to perform such testing. The Parties technical staffs will be available to meet as necessary to facilitate testing. SWBT and AT&T will mutually agree on the schedule for such testing.

- 13.3 At AT&T's request, SWBT will provide to AT&T any results of the testing performed pursuant to the terms of this Agreement. AT&T may review such results and may notify SWBT of any failures to meet the requirements of this Agreement and this Attachment 1: Resale.
- 13.4 During the term of this Agreement, SWBT will participate in mutually agreed upon cooperative testing requested by AT&T whenever it is deemed necessary by AT&T to ensure service performance, reliability and customer serviceability.

## **APPENDIX SERVICES/PRICING**

**1.0** This Appendix Services/Pricing describes several services which SWBT will make available to AT&T for resale pursuant to the Agreement and Attachment 1: Resale. This list of services is neither all inclusive nor exclusive. All services or offerings of SWBT which are required to be offered for resale pursuant to the Act are subject to the terms herein, even if not specifically enumerated or described in this Appendix.

### **2.0 PLEXAR Families of Services Requirements**

**2.1** AT&T may purchase the entire set of PLEXAR families of services and features or a subset of any one or any combination of such features in conjunction with PLEXAR services. CENTREX is a Grandfathered Service and AT&T may only offer it to customers that are eligible to receive CENTREX from SWBT. The PLEXAR families of services provided for resale will meet the following requirements:

**2.1.1** All features and functions of PLEXAR families of services, whether offered under tariff or otherwise, will be available to AT&T for resale.

**2.1.2**

**2.1.3**

**2.2** AT&T may be required to pay a charge, for the cost of suppressing the need for AT&T Customers to dial "9" when placing calls outside the PLEXAR families of services.

**2.3** AT&T may use off-premises extensions in conjunction with the Private Line Services and PLEXAR families of services to provide service to AT&T Resale service customers having locations outside of the geographic territory in which SWBT provides local exchange service as the incumbent LEC.

**2.4** AT&T may purchase any and all levels of PLEXAR families of services (e.g., PLEXAR I, PLEXAR II, PLEXAR Custom, or PLEXAR Express) for resale.

**2.5** SWBT will furnish PLEXAR Custom services to AT&T for resale subject to Section 2.1.1 of this Appendix. SWBT's provision of PLEXAR Custom will be as specified in this paragraph. SWBT will offer AT&T the same price SWBT provides to its Customers less avoided costs, if any. In addition, SWBT will provide AT&T with the same technical and system design support that SWBT makes available to SWBT's PLEXAR Custom sales teams and agents. Such support will be provided by SWBT to AT&T with the same quality and timelines that SWBT provides to SWBT's PLEXAR sales teams

and agents. Access to appropriate training for PLEXAR Custom sales and sales support will be provided to AT&T by SWBT at a reasonable price, mutually acceptable to SWBT and AT&T.

### **3.0 CLASS and Custom Features Requirements**

- 3.1 AT&T may purchase the entire set of CLASS and Custom features and functions, or a subset of any one or any combination of such features, including packages (e.g., "The Works"), without restriction on the minimum or maximum number of lines or features that may be purchased for any one level of service. AT&T may package any services so purchased for purposes of resale to its customers. SWBT will provide to AT&T a list of all services and features. As requested by AT&T, SWBT will provide a definition of these services and features and how they interact with each other to the extent such information is not otherwise publicly available. To the extent this information provided by SWBT differs from the tariff, the tariff prevails. SWBT will provide all features and services pursuant to the provisions of Attachment 2: Ordering and Provisioning.

### **4.0 Voluntary Federal Customer Financial Assistance Programs**

- 4.1 Local Services provided to low-income subscribers, pursuant to requirements established by the appropriate state regulatory body, include programs such as Voluntary Federal Customer Financial Assistance Program and Link-Up America . When such SWBT customers choose to obtain Resale service from AT&T, SWBT will confirm such customers' eligibility to participate in such SWBT programs to AT&T, in electronic format in accordance with the procedures set forth in Attachment 2: Ordering and Provisioning - Resale. AT&T is responsible for ensuring that its customers to whom it resells SWBT's Voluntary Federal Customer Financial Assistance Programs services are eligible to receive same.

### **5.0 E911/911 Services**

- 5.1 Where available SWBT will afford AT&T's customers with resold lines the ability to make 911 calls. AT&T will pay the appropriate PSAP applicable 911 surcharges (as defined by the appropriate Oversight Body) on resold lines. Where requested by SWBT, AT&T will provide SWBT with accurate and complete information regarding its customers in a format and time frame prescribed by SWBT for purposes of 911 administration. SWBT will provide to AT&T, for AT&T Customers, E911/911 call routing to the appropriate PSAP. SWBT will make AT&T Customer information available to the appropriate PSAP. SWBT shall use its service order process to update and maintain, on the same schedule that it uses for its Customers, the AT&T Customer service information in the ALI/DMS (Automatic Location Identification/Location

Information Database) used to support E911/911 services.

**6.0 Services to Disabled Customers**

- 6.1 SWBT agrees any services it offers to disabled customers will be made available to AT&T for its customers who qualify as disabled customers. When a SWBT customer eligible for services offered to disabled customers chooses to obtain Resale services from AT&T, SWBT will make all information regarding such customer's eligibility for disabled services available to AT&T, in electronic format in accordance with the procedures set forth in Attachment 2: Ordering and Provisioning - Resale. AT&T is responsible for ensuring that its customers to whom it resells SWBT's disabled services are eligible to receive same.

**7.0 Telecommunications Relay Service**

- 7.1 Where SWBT provides to speech and hearing-impaired callers a service that enables callers to type a message into a telephone set equipped with a keypad and message screen and to have a live operator read the message to a recipient and to type the message recipient's response to the speech or hearing-impaired caller ("Telecommunications Relay Service [TRS]"), SWBT will make such service available to AT&T at no additional charge, for use by AT&T customers who are speech or hearing-impaired. If SWBT maintains a record of customers who qualify under any applicable law for TRS, SWBT will make such data available to AT&T as it pertains to AT&T Resale service customers.
- 7.2 Notwithstanding the provisions of Section 12.1 of the General Terms and Conditions portion of this Agreement, AT&T will apply the Arkansas Deaf and Hearing Impaired Telecommunications Act surcharge to its local exchange subscribers as required under Act 1080 of 1997 and any other applicable law. AT&T will be solely responsible for billing and collecting the surcharge from its local exchange subscribers and remitting the surcharge directly to the appropriate taxing authority. Provided that AT&T fulfills its agreements as set forth in this Section, SWBT will not apply the surcharge to AT&T for the services provided by SWBT pursuant to this Attachment.

**8.0 Lifeline Services**

- 8.1 "Lifeline Services" are Resale services provided to low-income subscribers, pursuant to requirements established by the appropriate state regulatory body. SWBT agrees that any Lifeline Services it offers to customers will be available to AT&T for customers who meet such eligibility requirements.

- 8.2 When a SWBT Lifeline Services customer chooses to obtain Resale service from AT&T, SWBT will confirm such SWBT customer's Lifeline Service eligibility to AT&T, in electronic format in accordance with the procedures set forth in Attachment 2: Ordering and Provisioning - Resale. AT&T is responsible for ensuring that its customers to whom it resells SWBT's Lifeline Services are eligible to receive the same.

**9.0 Advanced Intelligent Network**

- 9.1 AT&T may purchase for resale those Advanced Intelligent Network ("AIN") Telecommunication Services SWBT offers at retail, under tariff or otherwise, to subscribers who are not telecommunications carriers.
- 9.2 All service levels, features and function components of AIN provided by SWBT and offered for resale by AT&T will be provided by SWBT at parity with the same services SWBT offers to its own customers.
- 9.3 AT&T may purchase any and all levels of AIN service for Resale services, without restriction on the minimum or maximum number of lines or features that may be purchased for any one level of service where technically feasible.

**10.0 Pay Phone Services**

- 10.1 "Pay Phones" are defined as telephone sets which are available to the public for use in sending and/or receiving telephony services. These phones may be activated by depositing coins into said sets, or non-coin sets which limit the public's billing options to pay for telephony based services. SWBT does not offer "pay phones" to any customers and will not offer "pay phones" to AT&T for resale.
- 10.2 "Pay Phone Service" is defined as the provision of pay phone lines, including the provision of pay phone lines to correctional institutions for inmate telephone service. Pay phone lines are defined as the loop from the pay phone instrument to the Serving Wire Center. SWBT currently offers two types of pay phone services: (1) Customer Owned Pay Telephone Services (COPTS), and (2) SmartCoin.
- 10.3 AT&T may purchase COPTS and SmartCoin service for purposes of Resale to an AT&T customer. SWBT will provide to AT&T for resale the COPTS and SmartCoin services and associated services addressed in Section 10 of this Appendix Services/Pricing to Attachment 1: Resale, where offered by SWBT.
- 10.4 PIC selection for COPTS and SmartCoin lines will be governed by Section 3.3 of Attachment 2: Ordering & Provisioning - Resale.

- 10.5 SWBT will make available to AT&T any and all technology related to COPTS and SmartCoin services, unless expressly mandated otherwise by applicable Federal or State Regulatory rules. When such situations occur, SWBT will work cooperatively with AT&T to establish a mutually agreeable solution of such ruling.
- 10.6 With COPTS and SmartCoin services, SWBT will provide AT&T through SWBT's applicable tariffs all appropriate screening functions and features to minimize fraud potential.
- 10.7 SWBT will provide AT&T all appropriate functions and features offered to SWBT's customers to allow AT&T Customers of COPTS and SmartCoin services to employ restrictive billing and call-blocking. An example of such a feature is Selective Class of Call Screening.
- 10.8 SWBT will provide AT&T all options related to COPTS and SmartCoin it provides to SWBT's own subscribers of such services.

10.9

**11.0 Call Trace**

- 11.1 AT&T end user's activation of Call Trace shall be handled by the SWBT Call Trace Center (CTC). SWBT shall notify AT&T of requests by its end users to provide the call records to the proper authorities. Subsequent communications and resolution of the case with AT&T's end users (whether that end user is the victim or the suspect) will be coordinated through AT&T.
- 11.2 AT&T understands that for services where reports are provided to law enforcement agencies (e.g., Call Trace) only billing number and address information will be provided. It will be AT&T's responsibility to provide additional information necessary for any police investigation. AT&T will indemnify SWBT against any claims that insufficient information led to inadequate prosecution.

**12.0 Suspension Services**

- 12.1 Suspension of service discounts apply to the discounted rate for the underlying service. SWBT will offer to AT&T for resale to AT&T's end users Customer Initiated Suspension and Restoral Service. SWBT will also offer to AT&T a Company Initiated Suspension service for AT&T's own purposes at the SWBT retail tariff rate. Should AT&T choose to suspend their end user through Company Initiated Suspension Service, this suspension

period shall not exceed fifteen (15) calendar days. If AT&T issues a disconnect on their end user account within the fifteen (15) day period, appropriate services will not be billed for the suspension period. However, should AT&T issue a disconnect after the fifteen (15) day suspension period, AT&T will be responsible for all appropriate charges on the account back to the suspension date. Should AT&T restore their end user, restoral charges will apply and AT&T will be billed for the appropriate service from the time of suspension.

**13.0 Payments of Rates & Charges from a Third Party**

- 13.1 Interexchange carried traffic (e.g., sent-paid, information services and alternate operator services messages) received by SWBT for billing to resold end-user accounts will be returned as unbillable and will not be passed on to AT&T for billing. An unbillable code returned with those messages to the carrier will indicate that the messages originated from a resold account and will not be billed by SWBT.

**14.0 Services Available for Resale and Associated Prices**

- 14.1 Attached is Exhibit A, "List of SWBT's Telecommunications Services Available for Resale", which is a matrix that lists the services offered by SWBT which will be made available to AT&T for resale. AT&T may purchase these services at a 14.5% discount from SWBT's retail prices. Also attached is Exhibit B, "List of SWBT's Other Services Available for Resale", which is a matrix that lists services offered by SWBT which will be made available to AT&T at retail prices unless otherwise specified. Any rate element incorrectly included in or omitted from either matrix will be corrected as appropriate.

**15.0 Prices for Access to OSS**

- 15.1 System Access Charge
- 15.2 Remote Access Facility Charge:
- 15.2.1 Direct Connection
- 15.2.2 Dial Up Connection
